CARELUMINA

RESTORE ANTI-AGING STEM CELL SERUM

Redefining and enhancing beauty through technology and science. Beautiful, healthy-looking skin starts with selecting the right all natural products. Our cleansers, creams, and treatments are developed to provide soft and glowing complexion while noticeably reducing fine lines and wrinkles.

HOW TO USE

Apply a thin layer to freshly cleansed and toned facial skin in the morning and night. Can be used on entire face including lower lid and lip areas. Avoid use on upper eyelids and contact with eyes.

FEATURES

CareLumina's Restore - Anti-aging Stem Cell Serum intensely improves the appearance of skin and is fortified with a powerful combination of plant stem cells, Matrixyl 3000, hyaluronic acid, Reishi, and Eye Bright to restore the skin's youthful properties. Plant stem cells boost cell turnover while Matrixyl 3000 is a dual peptide complex that has been clinically shown to improve the skin's collagen synthesis, which is the framework for healthy looking skin. The serum contains Reishi, a mushroom extract used for its powerful anti-inflammatory effects on the skin. Eye Bright decreases puffiness around the eyes and keeps pores clean and minimized and hyaluronic acid helps deliver and hold maximum moisture into the skin layers. The result of this transformational serum is more youthful skin with a noticeable decrease in wrinkle appearance and improvement in skin texture and elasticity.

INGREDIENTS

(99% Naturally Derived / 75% Organic)
